

Game-Changing Team Risk Analytics™ for Venture Capital Investors

For Target Companies
With 10+ Employees

Venture capital
investments succeed
or fail with teams.

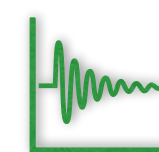

People.

Yet decisions
are often made
without relevant
data.

Avoid Wrong Decisions and People-Related Investment Failures

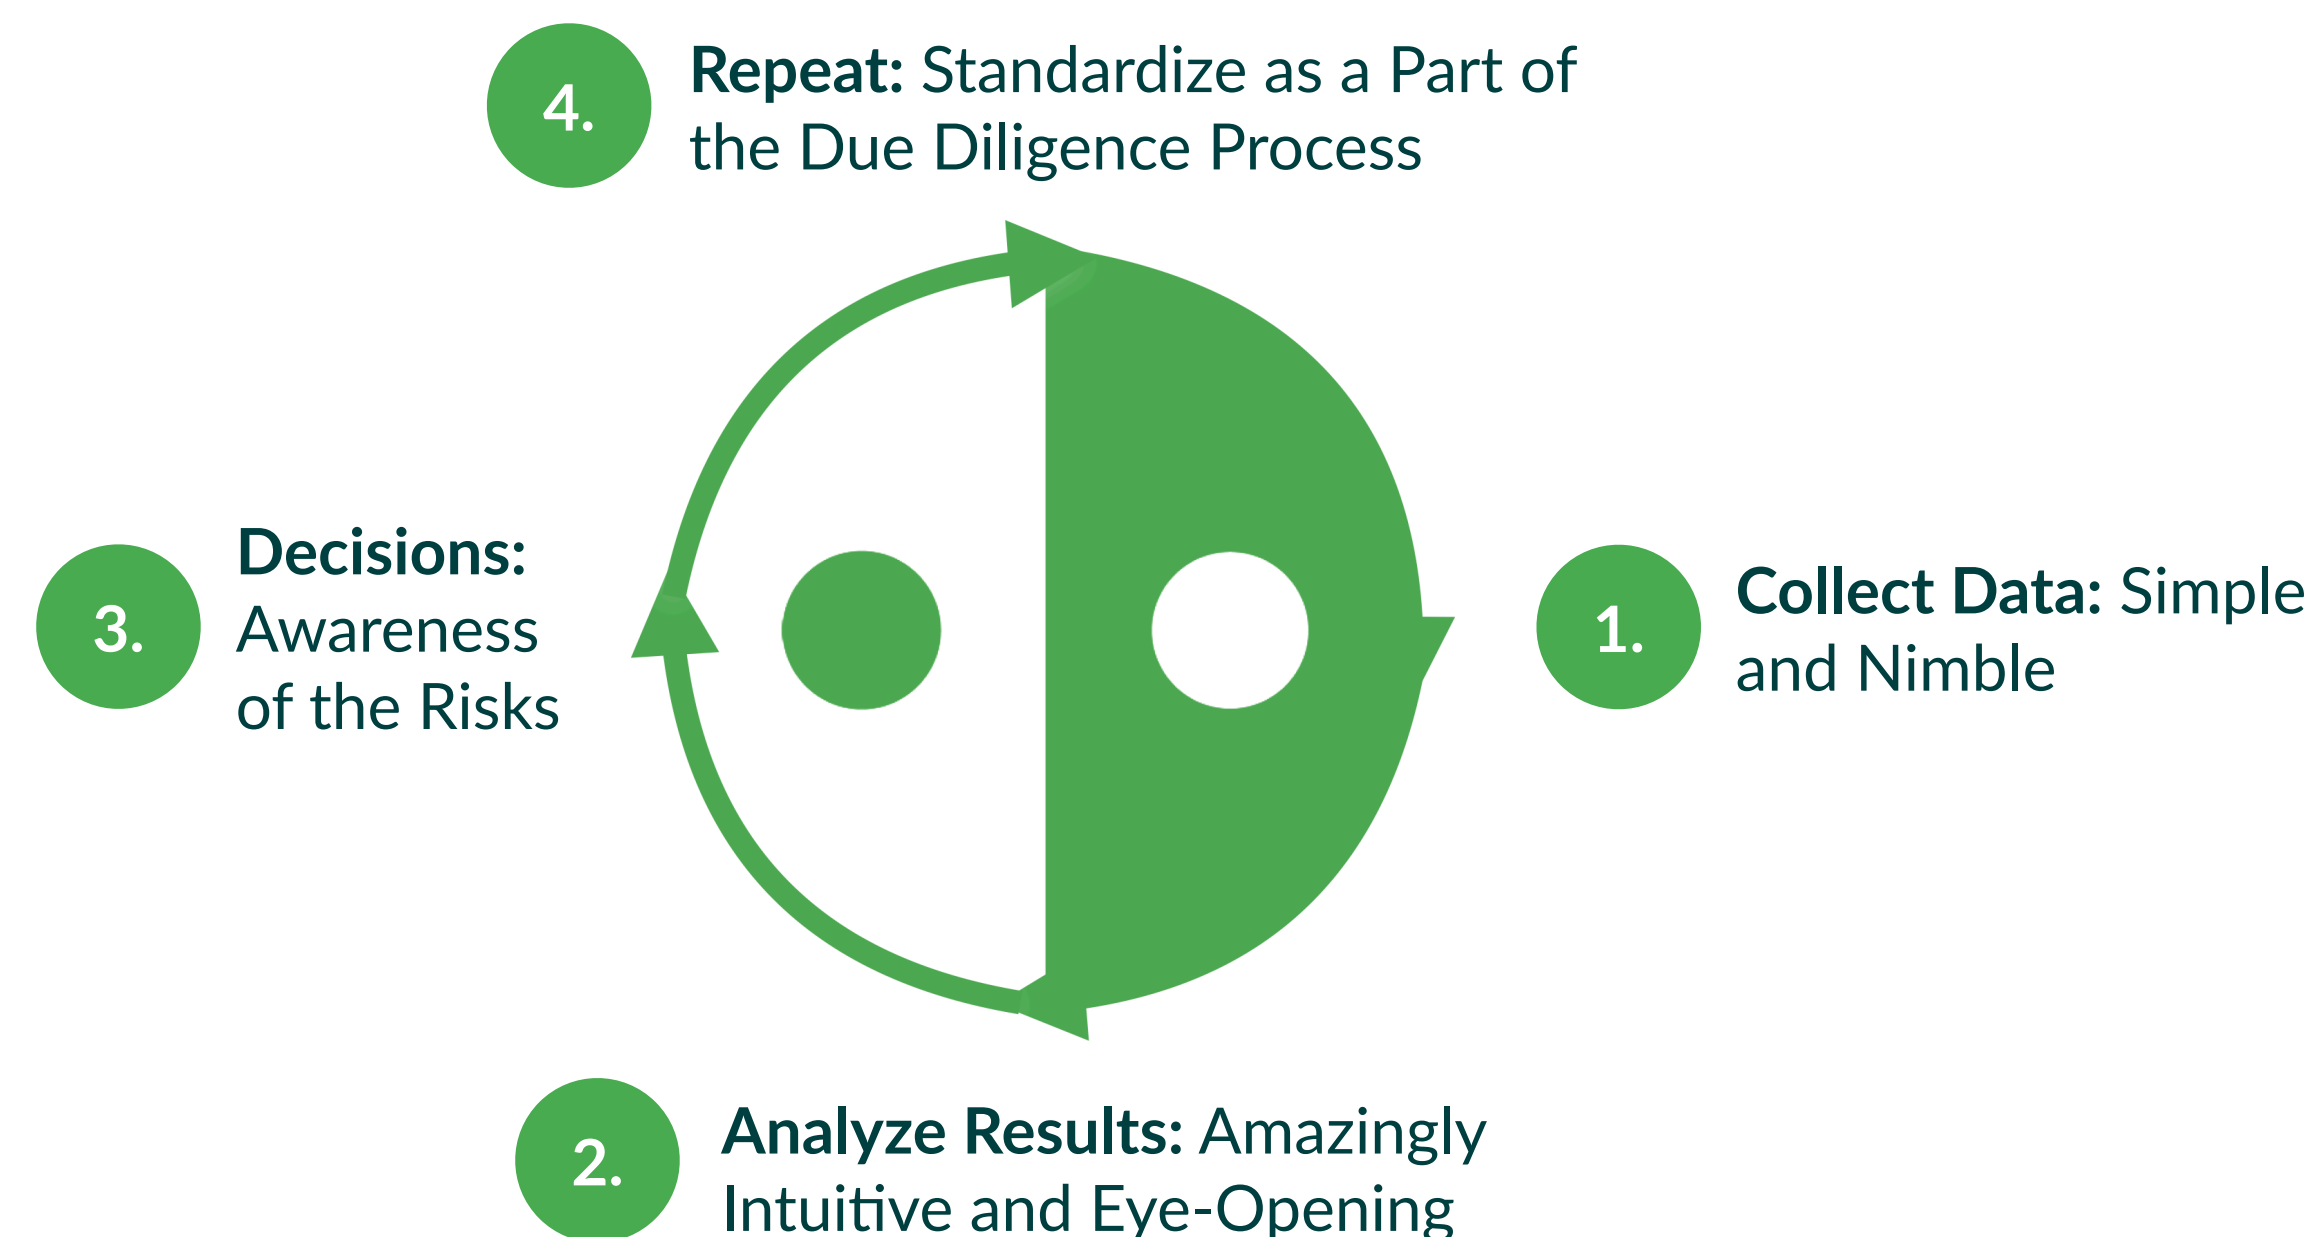

Like no survey or metrics before, NayaDaya® People Risk Analytics™ reveals the **team risk levels** and their **root causes**.

It reveals whether **employee turnover** and **poor performance** are expected, and above all, why. Also, it uncovers the **founders' ability to commit people to achieve**

The science-based emotional and behavioral intelligence^[1] creates a deep, **long-term insight** into the people risks with **the smallest effort you can imagine**.

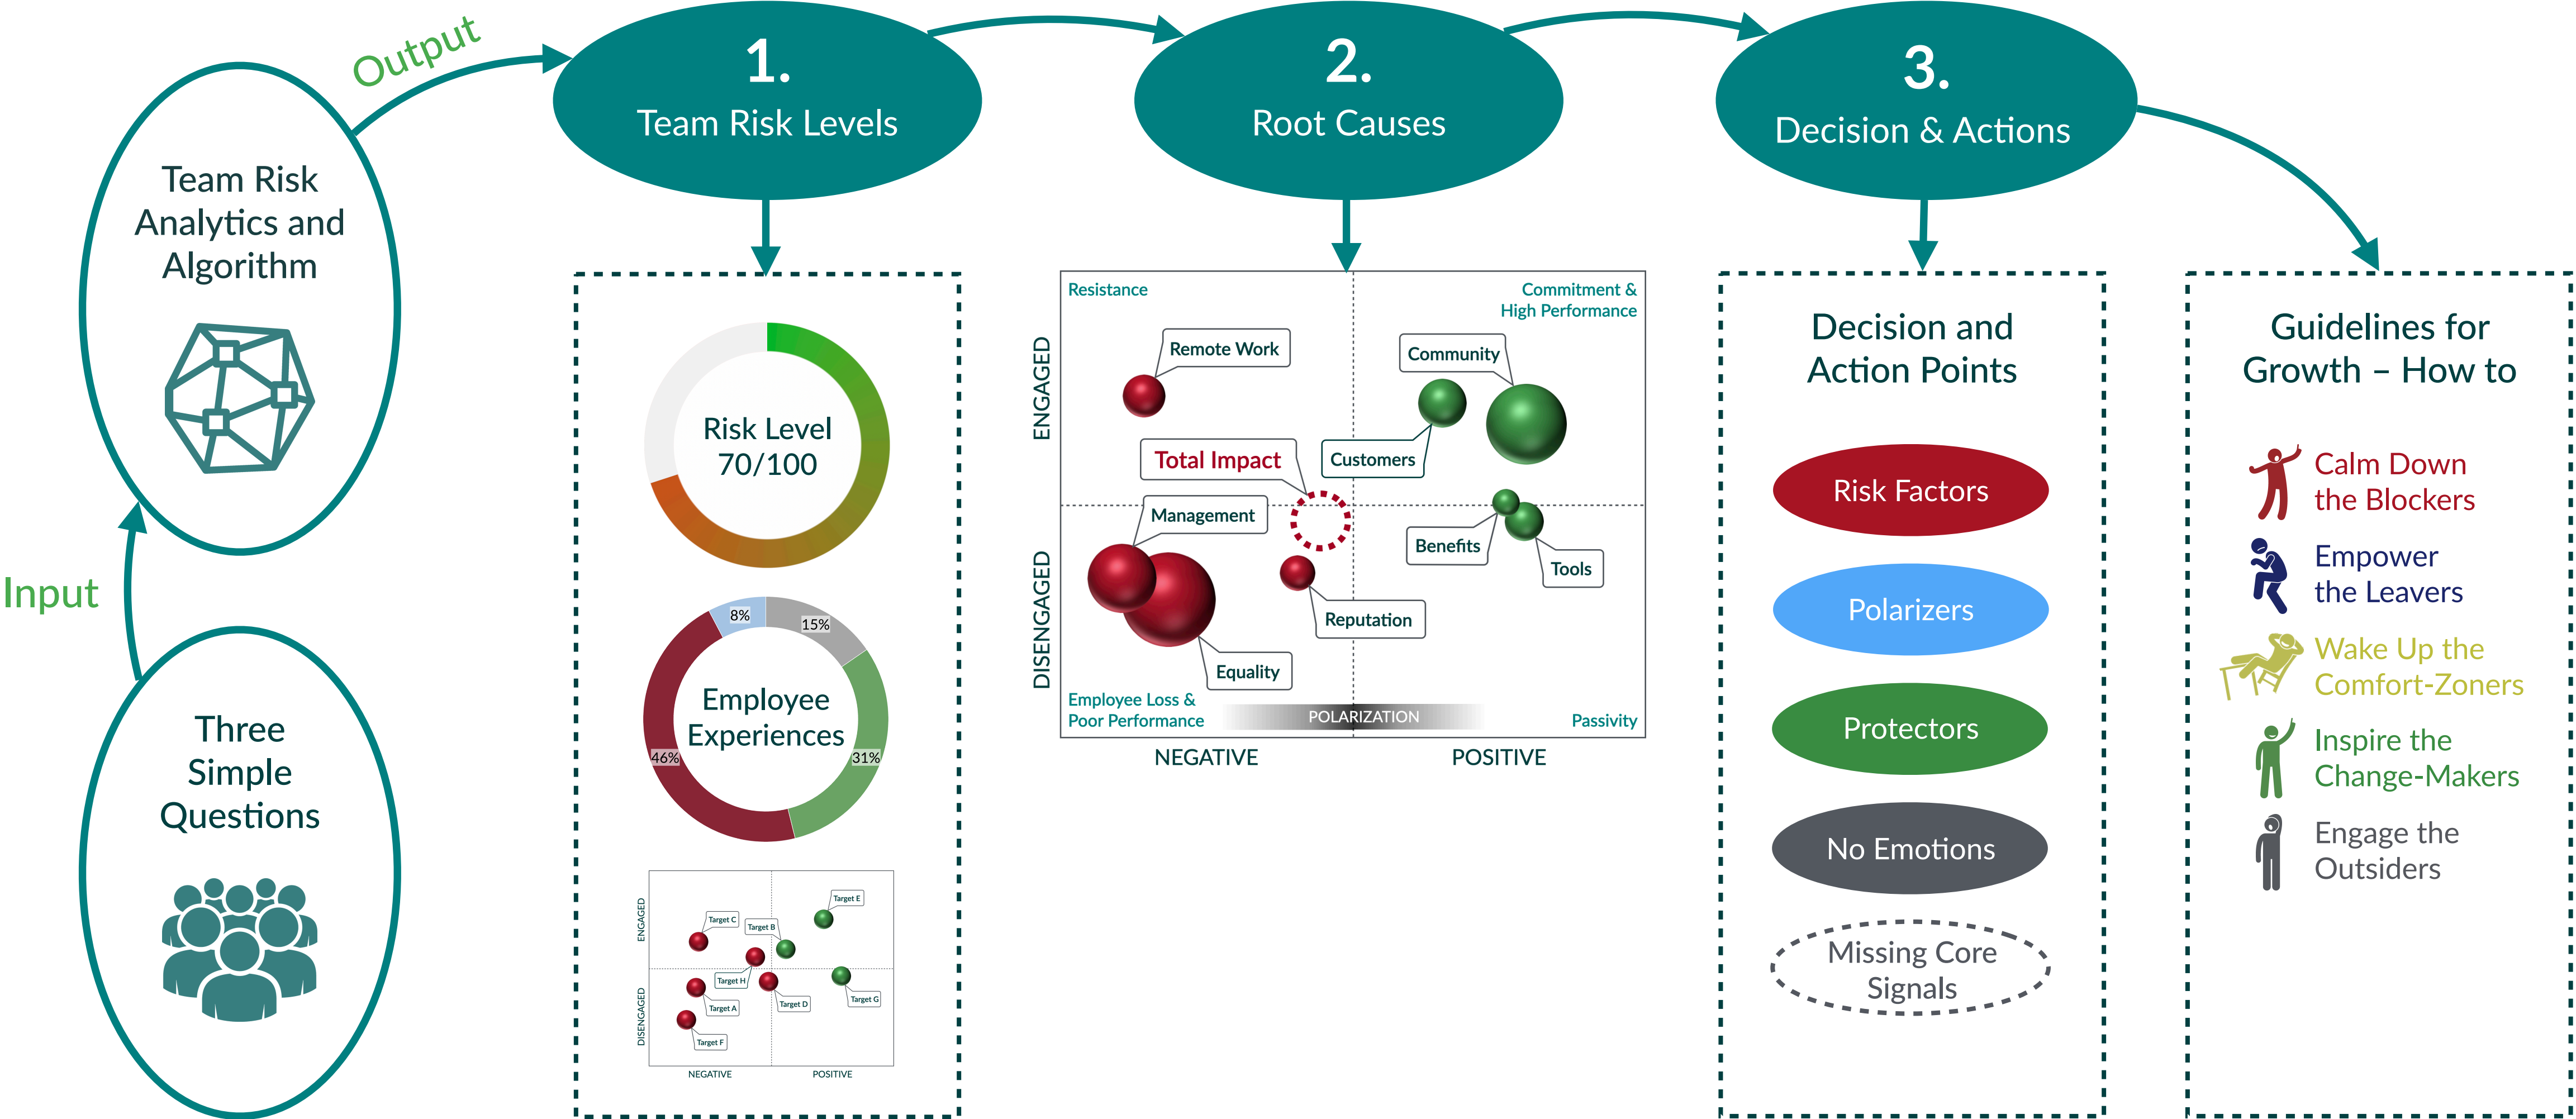

Would you like
to know the
risks related to
the teams you are
planning to invest in?

[1] The emotional and behavioral intelligence is developed and owned by NayaDaya Analytics Inc. and based on the research conducted by the University of Geneva, Switzerland.

Team Risk Analytics™ – Simple Input & Critical Output

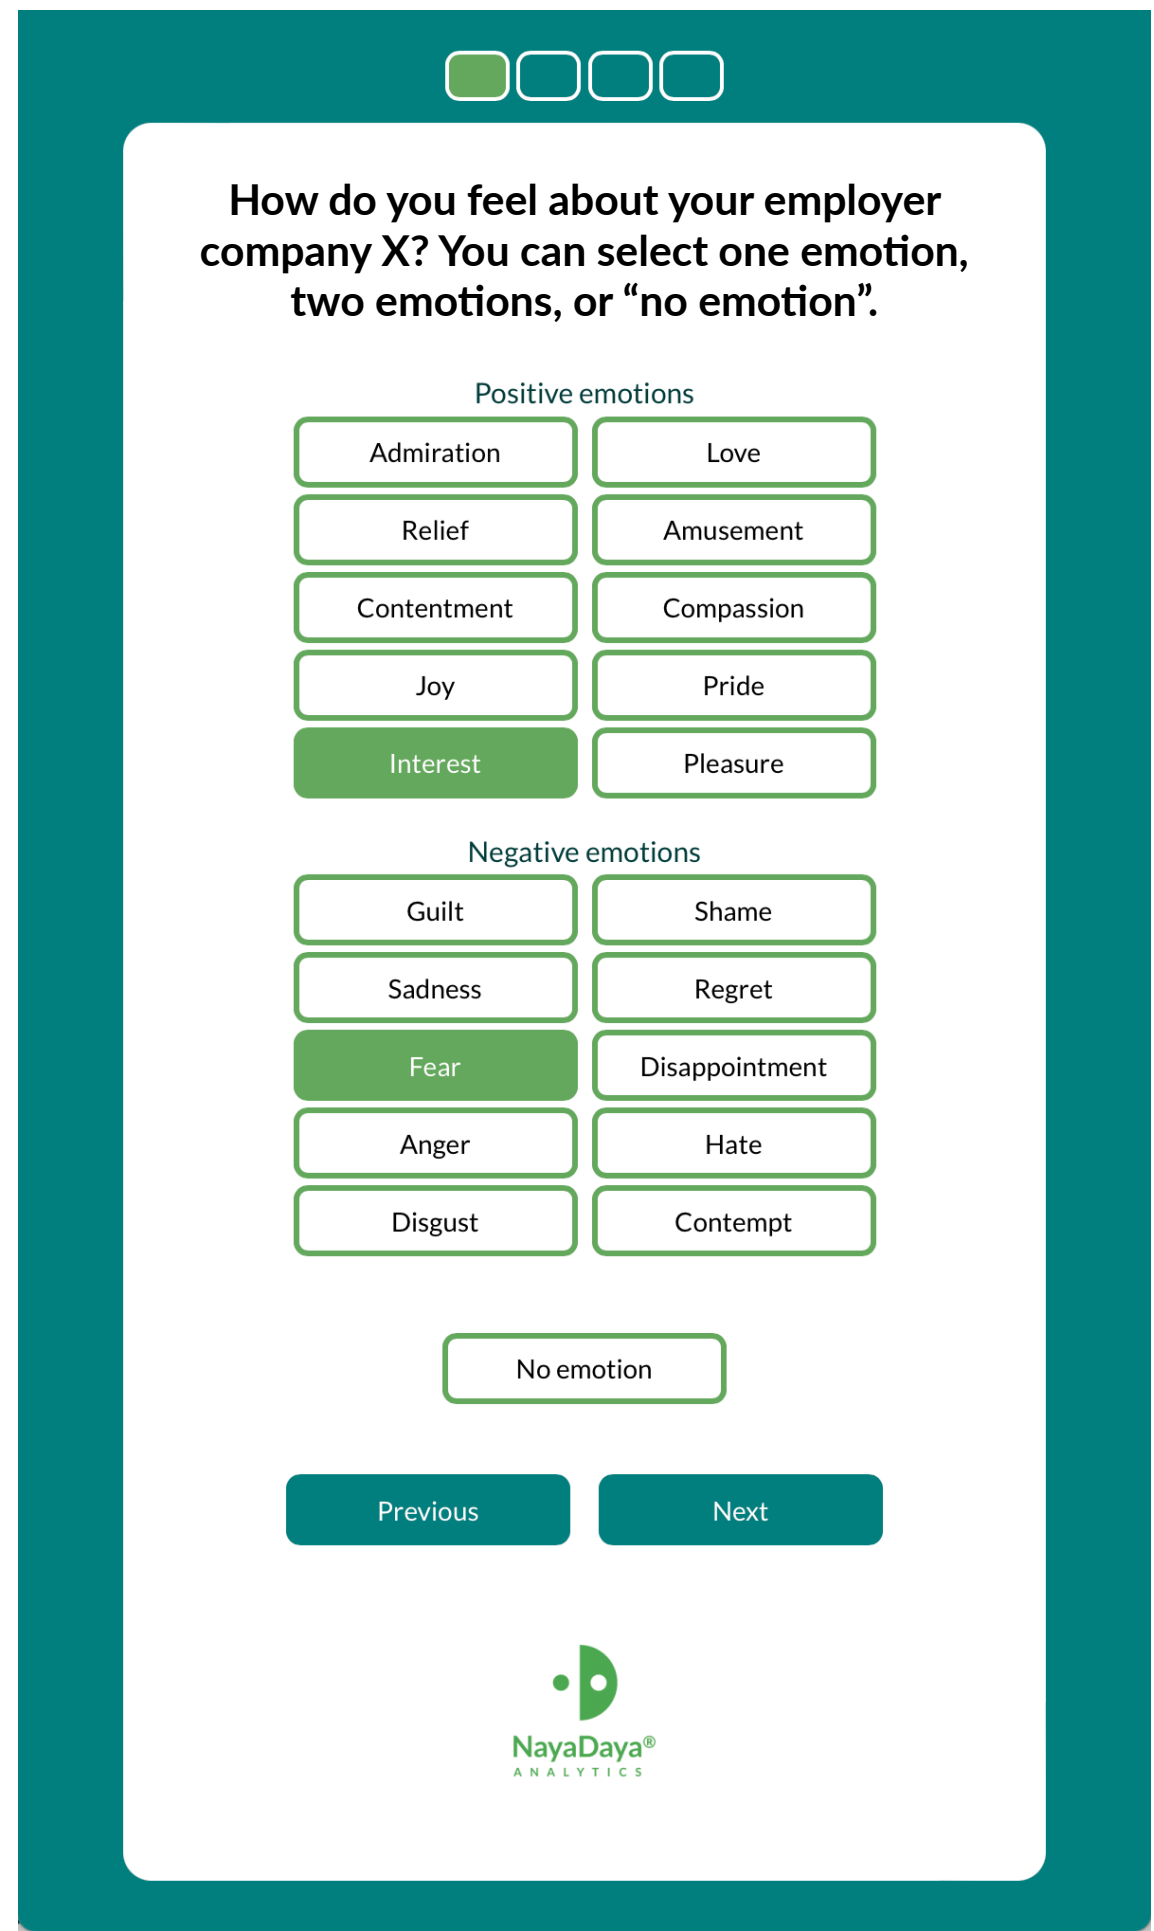

NayaDaya®
ANALYTICS

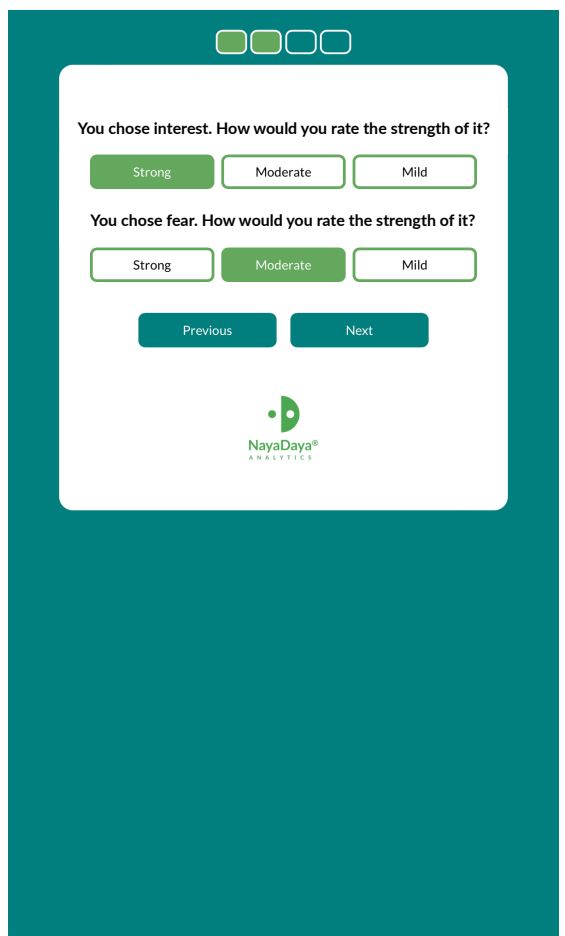

Scalable Process With the Smallest Effort You Can Imagine

Only Three Intuitive Questions to the Team

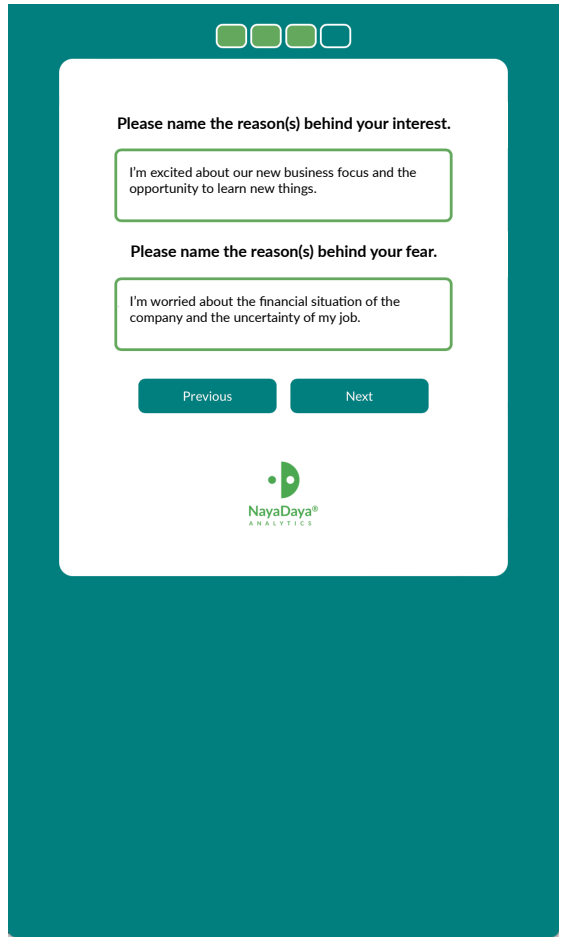

1. Emotions

2. Emotion Intensities

3. Reasons Behind Emotions

- Responding does not burden people
- Ready survey in multiple languages
- Browser-based online tool; no software to install or administrate
- Anonymous, no personal data is being collected or processed
- Suitable for any size of companies, starting from 10+ employees
- Unlike the traditional surveys, the scientific method is able to understand the reality behind engagement and disengagement, and to predict the people risks related to behavior
- Based on the research conducted by the University of Geneva, Switzerland
- Effective way to support decisions and growth after investments

Price per round for analyzing the team risks:

- Less than 20 people: 2,900 €
